ARTICLE III ASSESSMENTS

Section 1. Covenants for Assessments. Each Owner (other than Declarant) hereby covenants and agrees, and each purchaser of any Lot, whether builder or homeowner

purchasing from a builder, by acceptance of a deed therefore, whether or not it shall be so expressed in any such deed or other conveyance, shall be deemed to covenant and agree to pay to the Association: (1) annual assessments or charges (as specified in Section 3 hereof); (2) special assessments for capital improvements (as specified in Section 4 hereof), all of such assessments to be fixed, established, and collected from time to time as hereinafter provided.

Section 2. Purpose of Assessments. The assessments levied by the Associations shall be used exclusively for the purpose of promoting the comfort, health, safety, and welfare of the owners of The Properties, or any part thereof, for the improvement and maintenance of the Common Properties and for carrying out the purposes of the Association as stated in its Articles of Incorporation.

Section 3. Annual Assessment. Each owner of a Lot (other than Declarant) shall pay to the Association an annual assessment of Two Hundred Dollars (\$200.00). The rate of annual assessment may be increased by vote of the membership of the Association, as provided in Section 5 hereof. The Board of Directors of the Association may, after consideration of current maintenance costs and future needs of the Association, fix the actual assessment for any year at a lesser amount. The Association may not accumulate a surplus at the end of any year that is more than two times the maximum permissible annual assessment for that year. The Board of Directors may, should excess surplus (as above defined) exist at the end of any year, reduce the next total annual assessment by an amount at least equal to said excess surplus.

Section 4. Special Assessments. In addition to the annual assessments authorized by Section 3 hereof, the Association may, by vote of its members as set out in Section 6 hereof, levy in any assessment year or years a special assessment for the purpose of defraying, in whole or in part, the cost of any construction or reconstruction, unexpected repair or replacement of a described improvement including the necessary fixtures and personal property related thereto, or for carrying out other purposes of the Association as stated in its Articles of Incorporation.

Section 5. Vote Required for Increase in Rate of Annual Assessment. The increase in the rate of the annual assessment as authorized by Section 3 hereof must be approved by a majority of the total eligible votes of the membership of the Association as defined in Article II hereof, voting in person or by proxy, at a meeting duly called for such purpose, written notice of which shall be given to all members at least thirty (30) days in advance and shall set forth the purpose of the meeting.

Section 6. Vote Required for Special Assessment. The Special Assessment authorized by Section 4 hereof must be approved by a majority of the total eligible votes of the membership of the Association as defined in Article II hereof, voting in person or by proxy, at a meeting duly called for such purpose, written notice of which shall be given to all members at least thirty (30) days in advance and shall set forth the purpose of the meeting.

Section 7. Commencement Date of Annual Assessment: The first annual assessment provided for herein shall commence with the year 2004 and continue thereafter from year to year.

Section 8. Due Date of Assessments: The first annual assessment shall become due and payable on April 1, 2004 and shall be considered delinquent if not paid by May, 2004. The assessments for any year after 2004 shall become due and payable on January 1 of such year and delinquent if not paid by January 31 of such year. The due date and delinquent date of any special assessment under Section 4 hereof shall be fixed in the resolution authorizing such assessment.

Section 9. Owner's Personal Obligation for Payment of Assessments: The annual and special assessments provided for herein shall be the personal and individual debt of the owner of the property covered by such assessments. No owner may exempt himself from liability for such assessments. In the event of default in the payment of any such assessment, the owner of the property shall be obligated to pay interest at the rate of ten percent (10%) per annum on the amount of the assessment from the due date thereof, together with all costs and expenses, including attorney's fees.

Section 10. Assessment Lien and Foreclosure: All sums assessed in the manner provided in this Article but unpaid, shall, together with interest as provided in Section 9 hereof and the cost of collection, including attorney's fees as hereinafter provided, thereupon become a continuing lien and charge on the property covered by such assessment, which shall bind such property in the hands of the owner, and his heirs, devisees, personal representatives, and assigns. The aforesaid lien shall be superior to all other liens and charges against the said property, except only for tax liens and all sums unpaid on a first mortgage lien or first deed of trust lien of record, securing in either instance sums borrowed for the improvement of the property in question. The Association shall have the power to subordinate the aforesaid assessment lien to any other lien. Such power shall be entirely discretionary with the Association. To evidence the aforesaid assessment lien, the Association shall prepare a written notice of assessment lien setting forth the amount of the unpaid indebtedness, the name of the owner of the property covered by such lien and a description of the property. Such notice shall be signed by one of the officers of the Association and shall be recorded in the office of the County Clerk of Tarrant County, Texas. Such lien for payment of assessments shall attach with the priority above set forth from the date that such payment becomes delinquent as set forth in Section 8 above and may be enforced by the foreclosure of the defaulting owner's property by the Association in like manner as a mortgage on real property subsequent to the recording of a notice of assessment lien as provided above, or the Association may institute suit against the owner personally obligated to pay the assessment and/or for foreclosure of the aforesaid lien judicially. In any foreclosure proceeding, whether judicial or not judicial, the owner shall be required to pay the costs, expenses, and reasonable attorney's fees incurred. The Association shall have the power to bid on the property at foreclosure or other legal sale and to acquire, hold, lease, mortgage, convey or otherwise deal with the same. Upon the written request of any mortgagee holding a prior lien on any part of The Properties, the Association shall report

to said mortgagee any unpaid assessments remaining unpaid longer than thirty (30) days after the same are due.

Section 11. Common Properties Exempt: All Common Properties as defined in Article 1, Section 1c hereof, and any common properties of any other association designated on any recorded plat filed by Declarant, and all portions of The Properties owned by or otherwise dedicated to any political subdivision, shall be exempted from the assessments and lien created herein.

ARTICLE IV ARCHITECTURAL CONTROL COMMITTEE

Section 1. Designation of Committee. The Association shall have an Architectural Control Committee, which shall consist of three (3) members who shall be natural persons, and who shall be appointed by the Board of Directors of the Association. Until December 31, 2012, Declarant must approve the appointment of the members of the Architectural Control Committee and any and all members of such committee may be removed by the Board of Directors and/or the Declarant without cause. After such date, the Board of Directors shall have the exclusive right and power at any time and from time to time create and fill vacancies on the Architectural Control Committee.

Section 2. Function of Architectural Control Committee: No improvement, as that term is hereinafter defined, shall be erected, constructed, place, altered (by addition or deletion), maintained, or permitted to remain on any portion of The Properties until plans and specifications, in such form and detail as the Architectural Control Committee may deem necessary, shall have been submitted to and approved in writing by such committee. The Architectural Control Committee shall have the power to employ professional consultants to assist it in discharging its duties. The decision of the Architectural Control Committee shall be final, conclusive, and binding upon the applicant.

Section 3. Content of Plans and Specifications: The plans and specifications to be so submitted and approved shall include a plot plan showing the location of all improvements, structures including the plan number or plan name, walks, patios, driveways, fences and walls. Lot drainage provisions shall be indicated as well as cut and fill details if any appreciable change in the lot grading is contemplated. A single set of plans for each house design to be marketed in The Property shall be submitted to the committee for approval. These plans shall consist of the floor plan and all exterior elevations. Once a particular house design has been approved by the committee in writing, any duplication of that design will not require additional plan approval, however, a plot plan must be provided for each Lot.

Section 4. Definition of "Improvement": Improvement shall mean and include all buildings, and roofed structures, parking areas, fences, walls, hedges, mass plantings, driveways, swimming pools, changes in any exterior color or shape, and any new exterior

construction or exterior improvement exceeding \$2000.00 in cost which may not be included in any of the foregoing. It does not include garden shrub or tree replacements or any other replacement or repair of any magnitude which does not change exterior appearances. It does include both original improvements and all later changes and improvements.

Section 5. Basis of Approval: Approval of plans and specifications shall be based among other things, on adequacy of site dimensions, architectural design, conformity and harmony of external design and of location with neighboring structures and sites, relation of finished grades and elevations to neighboring sites and conformity to both the specific and general intent of the protective covenants.

Section 6. Failure of the Committee to Act: If the Architectural Control Committee fails to approve or to disapprove such plans and specifications or to reject them as being inadequate within fifteen (15) days after submittal thereof, it shall be conclusively presumed that such committee has approved such plans and specifications, EXCEPT that the Architectural Control Committee has no right or power, either by action or failure to act, to waive or grant any variances specifically reserved to Declarant in Article V hereof. If plans and specifications are not sufficiently complete or are otherwise inadequate, the Architectural Control Committee may reject them as being inadequate or may approve or disapprove part, conditionally or unconditionally, and reject the balance.

Section 7. Limitation of Liability: Neither the Declarant, the Association, the Architectural Control Committee nor any of the members of such committee shall be liable in damages or otherwise to anyone submitting plans and specifications for approval or to any owner of land affected by this Declaration by reason of mistake of judgment, negligence, or nonfeasance arising out of or in connection with the approval or disapproval or failure to approve or to disapprove any plans and specifications.

Section 6. Declarant reserves the exclusive right to erect, place and maintain such facilities in or upon any portion of The Properties as it, in its sole discretion, determines to be necessary or convenient while selling Lots, selling or constructing residences and constructing other improvements in The Properties. Such facilities may include, but are not limited to, sales and construction offices, storage areas, model units, signs and portable toilet facilities.

Section 7. No sign or signs shall be displayed to the public view on any Lot except that:

- a. Declarant and/or builders approved by Declarant may erect and maintain a sign or signs deemed by it to be reasonable and necessary for the construction, development, operation, promotion and sale of the Lots.
- b. Any builder, during the construction and sale of a dwelling may utilize professional signs (of not more than twelve (12) square feet in size) on each Lot which it owns for advertising and sales promotion.

Section 8. No fence, wall or hedge shall be erected, placed or altered on any Lot nearer to the front or side property lines than specified in the set back requirements as determined in accordance with Section 4 above or in accordance with the requirements of the Municipality. No fence, wall or hedge shall exceed six (6) feet in height unless otherwise specifically required by the Municipality or approved by the Architectural

Control Committee. All landscape plantings within the ten (10) foot wide landscape and fence easement must be approved by the Architectural Control Committee. All wood piles, tool sheds or service facilities must be behind fences, walls or landscaping so as not to be visible from the street. All materials used to build fences shall be subject to approval of the Architectural Control Committee. Any fence constructed on or adjacent to an easement rather than a property line must contain a gate sufficient in size to allow access to the area between the fence and the property line for mowing and maintenance purposes.

Section 9. Exterior wall construction below the first floor ceiling plate line shall consist of not less than 75% of masonry material such as brick, stone, brick veneer, or other masonry material. Installation of all types of exterior items and surfaces such as towers and antennas shall be subject to the prior approval of the Architectural Control Committee unless said construction is not permitted by City Code.

If at any time an owner of any Lot shall fail to control weeds, grass and/or other unsightly growth, or permit accumulation of garbage, trash or rubbish, the Declarant or Architectural Control Committee shall have the authority and right to go onto said Lot for the purpose of mowing or cleaning said Lot on each respective occasion of such mowing or cleaning. Declarant or Architectural Control Committee may charge the owner for all costs to remedy and such assessment, together with interest thereon at the highest lawful rate and costs of collection thereof, shall be a charge on the land and shall be a continuing lien upon each Lot against which each such assessment is made. Each such assessment, together with the interest thereon and cost of collection thereof, shall also be the continuing personal obligation of the person who was the owner of such Lot at the time when the assessment occurred. Each and every owner of any Lot, by the acceptance of a deed or other conveyance of such Lot, shall thereby covenant and agree to pay such

assessments. The lien securing any such assessment shall be subordinate and inferior to the lien of any mortgage and any renewals or extensions thereof existing prior to the assessment date.

Section 14. In the event that any building constructed on a Lot has burned and is thereafter abandoned for at least thirty (30) days, the owner of the Lot shall cause the burned building to be removed and the Lot cleared, the expense of such removal and clearing to be paid by the owner. In the event the owner does not comply with this provision, then Declarant or Architectural Control Committee may, after ten (10) days written notice to the owner, cause such burned building to be removed and the Lot cleared and charge the cost thereof to the owner. In such event neither Declarant nor the Architectural Control Committee nor any member thereof shall be liable in trespass or for damages, expenses, costs or otherwise to the owner for such removal and clearing. The Architectural Control Committee shall have no obligation to procure insurance to protect against fire or other casualty to any of the single family residences and each single family residence owner is encouraged to procure and maintain such insurance coverage as is deemed prudent or desirable by such owner.

No gas, electric, power, telephone, water, sewer, cable television, or other utility or service lines of any nature or kind shall be placed, allowed, or maintained upon or above the ground, except to the extent, if any, underground placement thereof may be prohibited by law or would prevent the subject line from being functional. The foregoing shall not prohibit services pedestals and above ground switch cabinets and transformers where required.

The term "Commercial Vehicles" shall include tractor trailer trucks and vehicular equipment, or a vehicle not compatible with a residential neighborhood as determined by the Architectural Control Committee.

Section 26. The owners of the Lots shall be responsible for the maintenance of parkways located between their lot lines and the streets on which said Lots face. Section 30. In the event of a violation or breach of any of these restrictions by any person or concern, Declarant and/or the Association, through their duly designated representatives, and the owners of the Lots, or any of them, jointly or severally, shall have the right to proceed at law or in equity to compel compliance with the terms hereof or to prevent the violation or breach of any of them. In addition to the foregoing right, Declarant, and/or the Association, through their duly designated representatives, shall have the right, whenever there shall have been built on any Lot any structure which is in violation of these restrictions, to enter upon the property where such violation exists and summarily abate or remove the same at the expense of the owner, and such entry and abatement shall not be considered a trespass.

ARTICLE VI INSURANCE

Section 1. The Association shall keep all insurable improvements and fixtures of the Common Properties insured against loss or damage by fire for the full insurance replacement cost thereof, and may obtain insurance against such other hazards and casualties as the Association may deem desirable. The Association may also insure any other property whether real or personal, owned by the Association, against loss or damage by fire and such other hazards as the Association may deem desirable, with the Association as the owner and beneficiary of such insurance. The insurance coverage with respect to the Common Properties shall be written in the name of, and the proceeds thereof shall be payable to the Association. Section 3. All insurance policies shall be reviewed at least annually by the Board of Directors in order to ascertain whether the coverage contained in the policies is sufficient to make any necessary repairs or replacement of the property which may have been damaged or destroyed.
