5.1 Universal Easement and Drainage Easement. Each Lot within the Property and the Owner of such Lot are hereby declared to have an easement on adjoining Lots not to exceed ten feet (10') each on both sides in width from the common property line of such Lots for the purpose of maintaining and repairing any dwelling or other structure that encroaches over the boundary line of a Lot due to inadvertent surveying errors, drainage, or placement of neighboring fence, or inadvertent engineering errors, errors in original construction, settlement or shifting of the dwelling or other structure, or any other cause. Declarant hereby reserves the same ten feet (10') on both sides in width easement over all Lots and over all Common Areas for the purpose of maintaining and repairing improvements constructed by it that encroach onto adjoining Lots or Common Areas. However, the benefits of the easements reserved or created in this Section 5.1 shall not be available with respect to an encroachment occurring due to willful misconduct of any Owner. Each of the easements hereinabove referred to shall be deemed to be established upon the recordation of this Declaration and shall be appurtenant to the Lots and Common Area benefited by such easements and shall run with the land and inure to the benefit of successive owners of such Lots or Common Area.

5.2 Utility Easements and Use of Surface Areas. Easements for installation and maintenance of underground utilities and lighting within the Common Areas are or will be reserved as shown and provided for on any applicable Subdivision Plat.

5.3 Emergency and Public Service Vehicles. An easement is hereby granted to all police, fire protection, ambulance and other emergency vehicles and other public service vehicles and personnel to enter upon the Common Property, including the private streets, in the performance of their duties. In addition, an easement is hereby granted to the Association, its officers, agents, employees and management personnel to enter the Common Property to render any service.

5.4 Ingress and Egress by the Association. The Association is hereby granted full rights of ingress and egress over and upon all Lots at all times for the maintenance and repair of each Lot and the Common Property in accordance with the provisions hereof, and for the carrying out by the Association of its functions, duties and obligations hereunder; provided that any such entry by the Association upon any Lot shall be made with as little inconvenience to the Owner as practical, and any damage caused by the Association's entry, other than damages caused by the failure of the Owner to comply herewith, shall be repaired by the Association at the

expense of the Association.

ARTICLE VI HOMEOWNERS ASSOCIATION

6.1 Purposes. The Association shall have the duty and responsibility to administer and maintain the Common Property, to establish and collect Assessments and to disburse collected funds as so permitted, to enforce this Declaration, and to engage such contractors, vendors, employees or agents as it deems necessary to carry out the foregoing purposes.

6.2 Membership. Every Owner shall automatically be a Member of the Association.

6.3 Classes of Membership. The Association shall have two classes of voting membership:

(a) Class A Members. Class A Members shall be all Owners who are not Class B Members. Class A Members shall be entitled to one vote for each Lot in which they hold the interest required for membership. When more than one Person holds such interest or interests in any Lot, all such Persons shall be Members, and the vote for such Lot shall be exercised as they, among themselves, determine, but in no event shall more than one vote be cast with respect to any such Lot.

(b) Class B Members. Class B Members shall be Declarant and any Owner who acquires a Lot for the purpose of constructing a dwelling on any Lot for sale to consumers. If at any time any portion of the Land owned by Declarant is not platted into residential Lots, for the purposes of determining at that time the number of votes Declarant is entitled to cast and whether the Class B Membership has ceased, Declarant shall be deemed to own four (4) Lots per full acre contained in such unplatted portion of the Land owned by Declarant. Upon the subsequent platting of any such portion of the Land owned by Declarant into residential Lots, the number of votes Declarant is entitled to cast with respect to such Lots shall be determined with reference to the actual number of such Lots owned by Declarant. Declarant shall be entitled to ten (10) votes for each Lot owned by a Class B Member. Class B Members other than Declarant shall be non-voting Members. The Class B membership shall cease, and each Class B Member shall become a Class A Member, on the first to occur of (i) the date on which the total number of votes outstanding in the Class A membership is thirty (30) times greater than the total number of votes outstanding in the Class B membership; or (ii) the last to occur of the date that is the tenth (10th) anniversary of (x) the date of this Declaration or (y) if so added, the date the Additional Land is added to the coverage of this Declaration. If the Additional Land is added to the coverage of this Declaration, and if Class B membership has theretofore ceased, then the Class B membership shall be reinstated effective as of the date the Additional Land is so added.

6.4 Administration and Maintenance of the Common Property. The Association shall take the actions required to care for and preserve the Common Property. The Board of Directors

shall be empowered to establish, amend and repeal rules for the use of the Common Property.

6.5 Assessments, Reserve Funds. The Board of Directors shall administer the Assessment process described in Article VII hereof. The Board of Directors may establish reserve funds from Assessments for the purpose of accumulating funds to pay the cost of repairing, refurbishing and replacing any Common Property. Reserve funds shall be accounted for separately from other funds.

6.6 Disbursement of Association Funds. The Board of Directors shall have the exclusive right to authorize the Association to contract for all goods, services, and insurance and to hold and disburse Association funds in payment therefore.

6.7 Declaration Enforcement. If, as and when the Board of Directors, in its sole discretion, deems necessary, it may cause the Association to take action to enforce the provisions of this Declaration and any rules made hereunder and to enjoin and/or seek damages from any Owner for violation thereof.

6.8 Liability Limitations. Neither any Member nor the Board of Directors (or any of them) nor the officers (if any) of the Association shall be personally liable for debts contracted for or otherwise incurred by the Association or for the negligence, willful misconduct or other tort of another Member, whether such other Member was acting on behalf of the Association or otherwise. Neither the Declarant nor the Association, its directors, officers, agents or employees shall be liable for any incidental or consequential damages for failure to inspect any premises, improvements or portions thereof or for failure to repair or maintain the same. The organizational documents of the Association shall provide to the Board of Directors, the officers of the Association, and its employees, the maximum exculpation from liability and indemnification permitted under applicable Texas law.

ARTICLE VII ASSESSMENTS

7.1 Creation of the Lien and Personal Obligation of Assessments. For each Lot owned by each Owner, such Owner shall be deemed to covenant and agree to pay to the Association (or to an entity or collection agency designated by the Association): (i) all annual maintenance assessments or charges ("Maintenance Assessments") assessed against his or its respective Lot or Lots, which assessments shall be on a calendar year basis; (ii) all special assessments for capital improvements ("Capital Assessments") assessed against his or its respective Lot or Lots, such assessments to be fixed, established and collected from time to time as herein provided; and (iii) all individual special assessments ("Special Assessments") levied against such Owner to reimburse the Association for the costs for maintenance and/or repairs to Common Property caused by the willful or negligent acts of the individual Owner or such Owner's family, pets, tenants or other occupants of such Owner's Lot, and for maintenance or repair to the Owner's Lot or improvements thereon in accordance with Section 3.25(b) hereof. Such assessments shall be fixed, established and collected from time to time as herein provided.

The Maintenance, Capital and Special Assessments (in general, “Assessments”), together with such interest thereon and costs of collection thereof as hereinafter provided, shall be a charge and a continuing lien upon each Lot against which each such Assessment is made. Each such Assessment together with interest thereon and costs of collection thereof as hereinafter provided, shall also be the continuing personal obligation of each Person who was an Owner of such Lot at the time when the Assessment became due. Notwithstanding any provision of this Declaration seemingly to the contrary, no Assessments shall be assessed or payable with respect to any portion of the Land that is not platted into residential Lots.

7.2 Purpose of Assessments. The Assessments levied by the Association shall be used exclusively for the purpose of promoting the recreation, health, welfare, common benefit, and enjoyment of the residents of the Lots, including in particular for the maintenance of the Common Property and improvements thereto, and, if deemed desirable by the Board of Directors, other property not owned by the Association, and for their management and supervision, and for carrying out the duties of the Association or the Board of Directors as set forth in this Declaration or in the articles of incorporation or bylaws of the Association.

7.3 Initial Improvement and Maintenance of the Common Property. Initially, all improvement of the Common Property shall be the responsibility of the Association and shall be undertaken by Declarant at the Association’s sole cost and expense with no right to reimbursement from the Declarant. The exact nature of improvement to the Common Property shall be within the sole discretion of the Declarant. Following the construction of the Common Property, the responsibility for maintenance of Common Property shall automatically be assumed by the Association, and Declarant’s responsibility therefore shall be limited to that described in Section 7.4(c) below.

7.4 Basis and Amount of Maintenance Assessments.

(a) The Board of Directors may impose an initial capital/maintenance assessment at the closing of the sale of each Lot in an amount not to exceed \$1,000 per Lot.

(b) At least once a year, the Board of Directors shall set the amount of the Maintenance Assessment that may be levied against each Lot for the succeeding year. If in any year the Board of Directors fails to set a Maintenance Assessment for such year, the Maintenance Assessment shall be deemed to be the same as the Maintenance Assessment for the preceding year.

(c) When the Maintenance Assessment is computed for Lots, all or a portion of such Maintenance Assessment shall be payable to the Association by the Member according to the status of such Member as follows:

(i) When the Lot is owned by a Class A Member the full Maintenance Assessment shall be payable.

(ii) When the Lot is owned by a Class B Member, no Maintenance

Assessment shall be payable.

(d) Notwithstanding anything herein contained to the contrary, (i) the first Maintenance Assessment shall be made January 1, 2013; and (ii) prior to January 1, 2013, the full Maintenance Assessment chargeable against any Lot for which a full Maintenance Assessment is payable shall not exceed \$100.00 per month unless approved by a majority of the votes of the then existing Class A Members. In order to maintain the Common Property and sustain the services contemplated by Declarant, Declarant anticipates that during the period of time prior to January 1, 2013, it may, in its discretion, provide amounts in excess of the funds raised by the Maintenance Assessments in order to maintain the Common Property within reasonable standards. If, in any year prior to January 1, 2014, Declarant advances funds for maintenance in excess of the Maintenance Assessment, such excess shall be a debt of the Association to Declarant payable out of any Maintenance Assessments received by the Association. The Board of Directors may evidence such debt with a promissory note from the Association repayable to Declarant on such terms as the Board of Directors shall determine.

(e) Written notice of the Maintenance Assessment to be paid by each Member shall be sent to every Member, but for Lots having more than one Owner, only one Member for such Lot shall be entitled to notice. The Member to whom notice shall be sent shall be as requested in writing by the Owners of such Lot and in the event of conflicting or uncertain instruction, the recipient of such notices shall be determined by the Association.

7.5 Capital Assessments and Special Assessments.

(a) The Association may levy in any assessment year a Capital Assessment for the purpose of defraying, in whole or in part, the cost of any construction or reconstruction, unexpected repair or replacement of a capital improvement upon the Property or Common Property, including the necessary fixtures and personal property related thereto, provided that if the total amount of the Capital Assessment against all of the Lots would exceed \$50,000 in the aggregate, such Capital Assessment shall be made only after it has received the affirmative approval of a majority of the votes of Class A Members.

(b) Upon an affirmative vote of a majority of the members of the Board of Directors of the Association, the Association may levy Special Assessments against any individual Owner for reimbursement for maintenance or repairs, for other than ordinary wear and tear, occasioned by the willful or negligent acts of such individual Owner or such Owner's family, pets, tenants or other occupants of such Owner's Lot, for maintenance or repair to the Owner's Lot or improvements thereon in accordance with Section 3.25(b) hereof, and for any other cost incurred by the Association in performing the obligations of the Owner under this Declaration or any applicable Supplemental Declaration.

7.6 Uniform Maintenance and Capital Assessments. Except as otherwise provided in Section 7.4(b), Maintenance Assessments and Capital Assessments must be fixed at a uniform amount for all Lots.

7.7 Date of Commencement of Assessments; Due Date. The Board of Directors may, from time to time, establish the date that particular Assessments provided for herein shall be payable and may provide for payment of Assessments in monthly, quarterly, semi-annual or annual installments.

7.8 Effect of Non-Payment of Assessments; Personal Obligation of the Owner; the Lien; Remedies of Association.

(a) If any Assessment or any part thereof is not paid on the date(s) when due, then the unpaid amount of such Assessment shall become delinquent and shall, together with such interest thereon and cost of collection thereof as hereinafter provided, thereupon become a continuing lien on the Lot of the non-paying Owner which shall bind such Lot, and shall be a personal obligation of the Owner of such Lot and his heirs, executors, devisees and personal representatives. The personal obligation of the then-existing owner to pay such Assessment, however, shall remain his or its personal obligation and shall not be a personal obligation of his or its successors in title unless expressly assumed by them. However, the lien for unpaid Assessments shall be unaffected by any sale or assignment of a Lot and shall continue in full force and effect. By accepting a deed or other conveyance to a Lot or Lots every Person hereafter acquiring any interest in such Lot or Lots shall be deemed to have covenanted and agreed to pay the Assessments provided for herein in the same manner as if the covenant and agreement to pay were expressly set forth in such deed or other conveyance, without regard to whether such covenant and agreement shall actually be so expressed in any such deed or other conveyance. No Owner may waive or otherwise escape personal liability for the Assessments provided herein by non-use of the Common Property or abandonment of his or its Lot.

(b) The Association may give written notification to the holder(s) of the mortgage on the Lot of the non-paying Owner of such Owner's failure to pay any Assessment when such payment has not been received within ten (10) days after the date such Assessment was due.

(c) If any Assessment or part thereof is not paid when due, the unpaid amount of such assessment shall bear interest from the due date at a rate equal to the lesser of (i) eighteen percent (18%) per annum or (ii) the highest non-usurious rate of interest permitted by applicable law, and the Association may, at its election, bring an action at law against the Owner personally obligated to pay the same in order to enforce payment and/or to foreclose the lien against the property subject thereto, and there shall be added to the amount of such unpaid Assessment any and all costs of collection incurred by the Association, including reasonable attorneys' fees.

(d) Without limiting the other remedies available to the Association hereunder, for the purpose of further securing the payment and performance of each Owner's obligations hereunder, by accepting title to a Lot, the Owner thereof shall be deemed to have granted to the Association a contract lien covering such Lot, together with the right to appoint and remove a trustee and any number of substitute trustees and to cause the trustee or substitute trustee to foreclose the Association's lien against such Lot pursuant to foreclosure conducted in accordance with the provisions of Chapter 209 of the Texas Property Code.

(e) In addition to the other remedies available to the Association under this Section 7.8, the Association shall have the authority to exercise all of the remedies contemplated by Section 4.3(a) hereof against Owners that fail to pay Assessments in a timely manner.

(f) Alternative Payment Schedule for Certain Assessments:

Upon request of an owner with a delinquent account with the Association, the Board shall enter into a payment plan with such owner, subject to the following guidelines.

(i) The payment plan is available to owners who have delinquent Maintenance Assessments, Capital Assessments, Special assessments or any other amount owed to the Association.

(ii) During the course of the payment plan, additional monetary penalties, other than reasonable costs associated with the administration of the payment plan and interest, shall not be charged to the owner's account.

(iii) From the date of the owner's request, the delinquent balance shall be paid over a period of not less than three (3) months or more than eighteen (18) months with an initial payment of 20% of the amount owed and the remaining payments in equal installments. Payments must be received by the Association no later than the 15th day of each month.

(iv) A payment plan will not be available, except at the sole discretion of the Board, to owners who have failed to honor terms of a previous payment plan during the two years following the owner's default of such a previous payment plan.

(v) All of the terms of the payment plan other than those terms set forth in Texas Property Code § 209.0062 are at the sole discretion of the Board of Directors.

(vi) All payment plans shall be set forth in writing and signed by both the Board and by the respective owner.

(g) Priority of Payments. Except as otherwise authorized by law, payments received by the Association from an owner shall be applied to the owner's debt to the Association in the following order of priority:

- (i) Any delinquent assessments;
- (ii) Any current assessments;
- (iii) Any attorney's fees or third party collection costs incurred by the Association associated solely with assessments or any other charge that could provide the basis for foreclosure;
- (iv) Any attorney's fees incurred by the Association that are not subject to the proceeding subsection 2(c);
- (v) Any fines assessed by the Association; and
- (vi) Any other amounts owed to the Association.

If at the time that the Association receives a payment from an owner, the owner is in default under a payment plan entered into with the Association:

- (a) the Association is not required to apply the payment in the order of priority specified above; and
- (b) in applying the payments a fine assessed by the Association may not be given priority over any other amount owed to the Association.

7.9 Subordination of the Lien to Mortgages. The lien of the Assessments provided for herein shall be subordinate and inferior to the lien of any bona fide first lien mortgage or deed of trust now or hereafter placed upon the Lots subject to Assessment; provided, however, that such subordination shall apply only to the Assessments which have become due and payable prior to a foreclosure of such lien pursuant to the terms and conditions of any such mortgage or deed of trust. Such sale shall not relieve such Lots or the purchaser thereof from liability for the amount of any Assessments thereafter becoming due nor from the lien of any such subsequent Assessment. Upon request by an Owner, the Board of Directors shall consider and may, in its sole discretion, approve or disapprove the subordination of the lien of this Declaration to liens other than first lien mortgages or deeds of trust.

7.10 Exempt Property.

The following property subject to this Declaration shall be exempted from the Assessments, charges and liens created herein:

- (a) All Property dedicated and accepted by the local public authority and devoted to public use.

- (b) All Common Property.

ARTICLE VIII ARCHITECTURAL CONTROL

8.1 New Construction Committee. The New Construction Committee (hereinafter sometimes referred to as "the Committee") shall be composed of up to three (3) individuals selected and appointed by Declarant if, at the time of appointment, Declarant owns any portion of the Land and shall be selected and appointed by the Board of Directors if, at the time of appointment, Declarant does not own any portion of the Land. The Committee shall function as the representative of Declarant during the time Declarant owns any portion of the Land and shall function as the representative of the Association from and after the time Declarant owns no portion of the Land. The Committee shall exist and act for the purposes herein set forth as well as for all other purposes consistent with the creation and preservation of a first-class residential development. Any one or more of the members of the Committee may be removed from the Committee, with or without cause, by the Declarant if, at the time of removal, Declarant owns any portion of the Land or by the Board of Directors if, at the time of removal, Declarant does not own any portion of the Land.

No member of the Committee shall be entitled to any compensation for services performed hereunder nor be liable for claims, causes, causes of action or damages (except where occasioned by gross negligence or willful misconduct) arising out of services performed pursuant to this Declaration. At any time, the Declarant may delegate and assign to the Board of Directors any of Declarant's rights in respect to the Committee. Such action by the Declarant shall be effective upon recordation of a written instrument properly reflecting same.

8.2 Architectural Approval.

(a) Architectural Guidelines. The Committee shall, from time to time, publish and promulgate Architectural Guidelines which shall be recorded in the real property records of Collin County, Texas, and supplement these Covenants and Restrictions and the covenants, conditions, and restrictions set forth in any Supplemental Declaration and which are incorporated herein by reference. The Committee shall have the right from time to time to amend the Architectural Guidelines, provided such guidelines, as amended, shall be in keeping with the overall quality, general architectural style and design of the community. The Committee shall have the authority to make final decisions in interpreting the general intent, effect and purpose of those matters for which it is responsible in accordance with these Covenants and Restrictions. The Committee shall endeavor to promulgate the Architectural Guidelines in such a manner that only materials complying with all applicable laws and regulations are specified therein, but each Owner of a Lot (and not the Committee) is responsible for complying with such laws and regulations on his or its respective Lot. If the Committee should be advised that materials specified by the Architectural Guidelines do not comply with applicable laws or regulations, the Committee shall use reasonable efforts to inquire into the nature of the

non-compliance and to make appropriate revisions of the Architectural Guidelines.

(b) Required Approval. No dwelling, structure, paving, pools, fencing, hot tubs or improvement of any nature shall be erected, placed or altered on any Lot until the site plan showing the location of such dwelling, structure, paving, pools, fencing, hot tubs or other improvement, construction plans and specifications thereof, and landscaping and grading plans therefore have been submitted to and approved in writing by the Committee as to: (i) location with respect to Lot lines, setback lines, and finished grades with respect to existing topography and other dwellings; (ii) conformity and harmony of location of the proposed improvements, external design, color, and texture with existing structures and existing landscaping; (iii) quality of materials; adequacy of site dimensions; proper facing of main elevation with respect to nearby streets; and (iv) the other standards set forth within this Declaration, any applicable Supplemental Declaration or the Architectural Guidelines. The Committee is authorized to request the submission of samples of proposed construction materials or colors of proposed exterior surfaces. The committee is authorized to waive submission requirements by any Class B Member.

(c) Procedure. Final plans and specifications may be required to be submitted in duplicate to the Committee by the Owner for approval or disapproval. If such plans and specifications meet the approval of the Committee, one complete set of plans and specifications will be retained by the Committee and the other complete set of plans will be marked "Approved" and returned to the Owner. If such plans and specifications do not meet the approval of the Committee, one set of such plans and specifications shall be returned marked "Disapproved", accompanied by a reasonable statement of the reasons for such disapproval. Any modification or change to the approved set of plans and specifications or to construction or reconstruction pursuant thereto which materially affects items (i) through (iv) of the preceding paragraph must again be submitted to the Committee, for its review and approval. The Committee's approval or disapproval as required herein shall be in writing. If the Committee fails to approve or disapprove such plans and specifications within thirty (30) days after they have been submitted to it, then the Owner shall notify the Board of Directors in writing of such failure. If the Committee thereafter fails to approve or disapprove such plans and specifications within forty-five (45) days after the Owner's written notice is given to the Board of Directors, then Committee approval shall be presumed.

(d) Committee Discretion. The Committee is authorized and empowered to consider and review any and all aspects of dwelling construction, construction of other improvements and location, quality and quantity of landscaping on the Lots, and may disapprove aspects thereof which may, in the discretion of the Committee, adversely affect the living enjoyment of one or more Owner(s) or the value of the Property. As examples, and not by way of limitation, the Committee may impose limits upon the location of window areas of one dwelling which would overlook the enclosed patio area of an adjacent dwelling, or the location and height of a proposed improvement that would materially interfere with the views of an adjacent dwelling. Also, the Committee is permitted to consider technological advance in design and materials and such comparable

or alternative techniques, methods or materials may or may not be permitted, in accordance with the reasonable opinion of the Committee. The action of the Committee with respect to any matter submitted to it shall be final and binding upon the Owner submitting such matter.

(e) Drought Resistant Plant Material. The Committee shall discourage the use of plant material which requires extraordinary irrigation. The Committee shall encourage the use of drought-resistant plant material.

(f) Common Improvements. Declarant shall not be required to obtain Committee approval of the initial Common Improvements.

8.3 Variances. Upon submission of a written request for same, the Committee may, from time to time, in its sole discretion, permit Owners to construct, erect, or install improvements which are in variance from this Declaration, any applicable Supplemental Declaration, or the Architectural Guidelines. The Committee shall not have the right to grant a variance to, or waiver of, compliance with Section 3.22 hereof. In any such case, variances shall be in basic conformity with and shall blend effectively with the overall quality, general architectural style and design of the community. No member of the Committee nor the Declarant or the Association shall be liable to any Owner for any claims, cause of action, or damages arising out of the grant of, or the refusal to grant, any variance to an Owner. Each request for a variance submitted hereunder shall be reviewed separately and apart from other such requests and the granting of a variance to any Owner shall not constitute a waiver of the Committee's right to strictly enforce this Declaration or any applicable Supplemental Declaration against any other Owner.

8.4 Nonconforming and Unapproved Improvements. The Board of Directors may require any Owner to restore such Owner's improvements to the condition existing prior to the construction thereof (including, without limitation, the demolition and removal of any unapproved improvement) if such improvements were commenced or constructed in violation of this Declaration, including the Architectural Guidelines, and the covenants, conditions, and restrictions set forth in any applicable Supplemental Declaration. In addition, the Board of Directors may in its sole discretion, cause the Association to carry out such restoration, demolition and removal if the Owner fails to do so. The Board of Directors may levy the amount of the cost of such restoration, demolition and removal as a Special Assessment against the Lot upon which such improvements were commenced or constructed and shall have all of the rights and remedies to enforce collection thereof provided by law and by this Declaration. Dwellings or other improvements initially constructed in accordance with these Covenants and Restrictions and the covenants, conditions, and restrictions set forth in any applicable Supplemental Declaration and having received any necessary approval of the New Construction Committee in connection with their initial construction, may be repaired, maintained and restored in accordance with the standards in force at the time of their initial construction, notwithstanding any subsequent amendment or revision of these Covenants and Restrictions, of the covenants, conditions, and restrictions set forth in any applicable Supplemental Declaration, or of the Architectural Guidelines. If such dwellings or other improvements are totally destroyed or totally

replaced, the new dwellings or other new improvements must conform to the Covenants and Restrictions, the covenants, conditions, and restrictions set forth in any applicable Supplemental Declaration, and the Architectural Guidelines in force at the time of their construction.

8.5 No Liability. Neither Declarant, the Association, the Committee, the Board of Directors, nor the officers, directors, members, employees or agents of any of them, shall be liable in damages to anyone submitting plans and specifications to any of them for approval, or to any Owner by reason of mistake in judgment, negligence, or nonfeasance arising out of or in connection with the approval or disapproval or failure to approve or disapprove any such plans or specifications. Every Person who submits plans or specifications and every Owner agrees that he will not bring any action or suit against Declarant, the Association, the Committee, the Board of Directors, or the officers, directors, members, employees or agents of any of them, to recover any such damages and hereby releases, remises, and quitclaims all claims, demands and causes of action arising out of or in connection with any actual or alleged mistake of judgment, negligence or nonfeasance and hereby waives the provisions of any law which provides that a general release does not extend to claims, demands and causes of action not known at the time the release is given. Approval of plans and specifications by the Committee or any Modifications Committee is not approval thereof for engineering or structural design or adequacy of materials. By approving such plans and specifications neither the Committee, any Modifications Committee, the members of either, the Declarant, the Association, any Neighborhood Association, nor the Board of Directors assumes liability or responsibility for safety or adequacy of design, nor for any defect to any structure constructed from such plans and specifications.

ARTICLE IX GENERAL PROVISIONS

9.1 Duration. The Covenants and Restrictions of this Declaration shall run with and bind the Land, and shall inure to the benefit of and be enforceable by Declarant, the Association, and each Owner, and each of their respective legal representatives, heirs, successors and assigns. Unless otherwise modified by the Declarant, this Declaration shall be effective for an initial term of thirty-five (35) years from the date that this Declaration is recorded in the Official Public Records of Real Property of Collin County, Texas. After the initial term, such Covenants and Restrictions shall be automatically extended for successive periods of ten (10) years unless, at least one (1) year prior to the expiration of the then current term, an instrument terminating this Declaration is signed by Owners of at least sixty-seven percent (67%) of the Lots, and is recorded in the Official Public Records of Real Property of Collin County, Texas.

9.2 Amendments. Notwithstanding Section 9.1 of this Article, this Declaration may be amended and/or changed upon the express written consent of Declarant having at least sixty-seven percent (67%) of the total outstanding votes of all Members of the Association without regard to class. In addition, Declarant shall be entitled, without the consent or joinder of any other Person, to amend this Declaration in any respect at any time that it owns any Lot and/or to the extent that it applies to any portion of the Land owned by Declarant; and Declarant shall be entitled, without the consent or joinder of any other Person, to amend this Declaration in any respect to the extent that it applies to any portion of the Declarant Tract owned by Declarant.

Any and all amendments of this Declaration shall be recorded in the Official Public Records of Real Property of Collin County, Texas.

9.3 Enforcement. These Covenants and Restrictions may be enforced by Declarant, and the Association against any Person or Persons violating or attempting to violate them, by any proceeding at law or in equity, including, without limitation, through actions to enjoin violations, to recover damages, or to enforce any lien created by these covenants. The failure by Declarant, or the Association to enforce any covenant or restriction herein contained shall in no event be deemed a waiver of the right to do so thereafter. If an Owner believes that these Covenants and Restrictions have been violated, such Owner (the "Notifying Owner") may deliver written notice thereof to the Board of Directors identifying the violation and the Person violating the Covenants and Restrictions and requesting the enforcement thereof. If, within ninety (90) days after receiving such notice and request, the Board of Directors fails or refuses to commence to enforce these Covenants and Restrictions against the Person identified in such written notice as violating them, the violation shall be deemed to have been granted a variance and approved.

9.4 Severability. If any provision of this Declaration is determined by judgment or court order to be invalid, or illegal or unenforceable, the remaining provisions of this Declaration shall remain in full force and effect in the same manner as if such invalid, illegal or unenforceable provision had been deleted from this Declaration by an amendment effective as of the date of such determination.

9.5 Headings. The headings contained in this Declaration are for reference purposes only and shall not in any way affect the meaning or interpretation of this Declaration.

9.6 Notices. Any notice required to be given to the Association, or to any Member or Owner under the provisions of this Declaration shall be deemed to have been properly delivered when deposited in the United States mail, postage prepaid, addressed to the last known address of such Person as shown by the records of the Association at the time of such mailing.

9.7 Notices to Mortgagees. Upon written request delivered to the Association by a mortgagee of a Lot, the Association shall send to the requesting mortgagee written notification of any default hereunder affecting the mortgagor or the Lot covered by the mortgage of the requesting mortgagee. Any such request shall be in sufficient detail to enable the Association to determine the affected Lot and Owner and shall set forth the mailing address of the requesting mortgagee.

9.8 Disputes. Matters of dispute or disagreement between Owners with respect to interpretation or application of the provisions of this Declaration or the bylaws of the Association or the Architectural Guidelines, shall be determined by the Declarant if at the time of the determination Declarant continues to have authority to appoint members of the Committee and shall be determined by the Board of Directors if at the time of determination the Board of Directors has the right to appoint the members of the Committee. The determination of Declarant or the Board of Directors, as the case may be, shall be final and binding upon all Owners.

9.9 Assignment and/or Termination of Declarant's Rights. Declarant may assign any or all of its rights, benefits, and obligations hereunder as a Declarant to a assignee and, upon such assignment, said assignee shall assume Declarant's rights, benefits, and obligations as a Declarant in accordance with any contractual arrangement made between the parties. If Declarant shall transfer all of its then remaining right, title and interest in and to the Land and shall additionally expressly assign all of its rights, benefits, and obligations as Declarant hereunder to the transferee of such remaining interest in the Land, then Declarant shall be have no further rights or duties hereunder, and such rights and duties of Declarant hereunder shall thereupon be enforceable and performable by such transferee of Declarant's rights hereunder. Any transfer or assignment of Declarant's rights hereunder shall be recorded in the real property records of Collin County, Texas.

IN WITNESS WHEREOF, Declarant has caused this instrument to be executed as of the date set forth in the first paragraph of this Declaration.
